## Press Release

Geometry and Process is a new show opening at Capitol Contemporary Gallery featuring work by Cassandra Schiffler and Christine Raymond. Cassandra Schiffler's work is a series of reduction monotypes that reveal structured chaos. Christine Raymond's colorful artwork combines gold leaf with painted geometric forms. Both artists have long felt a strong affinity for each other's work, which is about emotion and feeling made visible through formal structure, color, and process. They are excited to exhibit their work together and invite you to the opening on First Thursday, February 7<sup>th</sup>, from 5-9pm. The show runs through the month of February.
